

Child of Our Dreams

by Marty Haugen

1. Holy child of poverty, So lowly is your birth
Sharing our humanity, Embracing all the earth
Every Nation, Every Race, Every person wears your face.
Come anew, O Child of our dreams.
2. Joyful child of mystery, Come warm our winter night.
Fire our dull complacency, And fill us with your light.
Speak the word that makes us whole
Lead each lost and hungry soul.
Come anew, O child of our dreams.
3. Sacred child of ecstasy, Creation sings your love.
Light gives back your radiency. Ad fills the skies above.
Gentle glow from candle light. Splendor of the stars of night.
Come anew, O Child of our dreams.
4. Child of all eternity, Our justice and our peace.
Born into a history, That hatreds all may cease.
Bring us all to life and death. Be our hope, our joy, our breath
Come anew, O Child of our dreams.
Come anew, O Child of our dreams.
